'Nothing Permanent' is a group exhibition of 2D and 3D works where change is welcome for all the reasons, a sense of responsibility, an invite of shared empathy, hope, and a need for action as Nature may force you to accept and resign. Nature's change is inevitable and continuous. The artists in this exhibition question, celebrate, and explore Mother earth in all its beauty, concerned with the planet's fate from our gluttony, searching for empowerment, and never stopping to encourage change.
